I called Spiegel South Shore Scrap Metal Inc. at 212 N Cary Street in Brockton MA and was given another phone number of the signatory in our data base, but when I called it they said they did not know who that person is/was.

This company's last notice expired (8996/2E/14) in Feb 2015 and they have not renewed so I am considering them non-exporters for 2015.
